

Delivering market insights

Pisacane is a reliable and dynamic business research provider with over 30 years of experience in delivering up-to-date insights. We help our renowned clients to understand markets and trends in a broad range of industries on a global scale.

To further enrich our dynamic, motivated and diverse team, we are looking for a:

Junior Business Researcher (f/m/d) – Graduate Intern

Your responsibilities

- Collect and evaluate relevant market data from various business sectors to fulfill our clients' strategic information needs
- Solve challenging desk research tasks with varying degrees of complexity every day
- Support ad-hoc projects – providing fact packs or comprehensive pictures of key players, market structures, latest developments and trends
- Compile and synthesize findings in customized formats, e.g. company profiles, fact sheets, press reviews, mappings & overviews

Your skills

- Graduate (f/m/d) of any discipline with curiosity for business- and economy-related topics
- Full working proficiency in English language, German is an asset
- Quick comprehension of demanding research requests and genuine interest for trending topics
- Go-getter attitude: you are proactive, willing to dig deep and eager to deliver high-quality insights

We offer

- Exciting projects for leading companies worldwide
- The opportunity to gain knowledge on strategic topics in various industries on a global level
- A graduate internship with the possibility of evolving into a permanent position
- The opportunity to further develop your skills through regular trainings

Additional benefits

Jobticket • Great view in modern offices in the heart of Cologne •
Free coffee, water, tea and fresh fruit • Regular team events • Help finding you an apartment
